

# SHAPE

## ELECTION PROGRAM

---

Faculty council '20 - '21

## SHAPE OUR FACULTY!

---

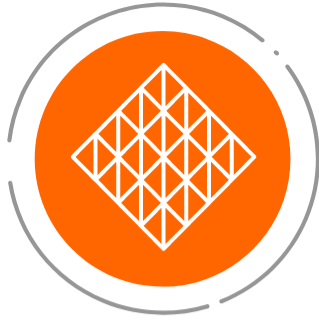

**SHAPE**, founded in 2018, is a representative party that offers an experienced and fresh look at the state of affairs at Maastricht University. In this infographic you will find our view on challenges the faculty faces.

- This year, our list of candidates consists of new candidates who provide a **fresh perspective** as well as current Faculty Council members to guarantee **continuity**.

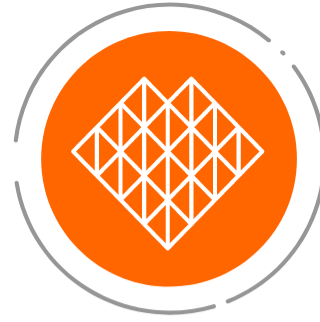

## COMMUNITY FEELING

We believe FPN can be tied closer together on an intra- and interfaculty level to increase our **community feeling**.

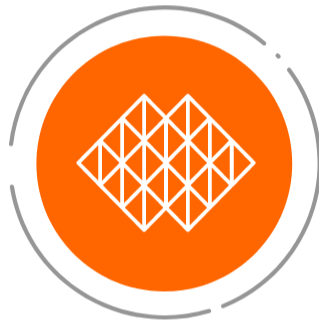

### **Transparency**

Clear communication and approachableness for students stay updated and to be heard.

### **Extra-curricular activities**

Increase the personal development of students through activities.

### **Interfaculty communication**

Strengthen the bond: combined workshops and joint courses for our students.

## EDUCATION IMPROVEMENT

Introduce **e-modules** in times of **digitization** as a valuable addition to the current education program.

The education program of FPN is centered around PBL. We want **Tutor training** to teach soft skills to improve education.

Furthermore, we want to help students with making the right choice for their master program.

## HEALTHY CAMPUS

Studying at FPN can be very stressful. We want to **expand advertisement** of mental health services to help those people who need it.

Additionally, we want to **expand the capacity** of mental health services to increase availability.

We support **workshops** that focus on the improvement of **students' well-being**.

Especially for prospective first-year students, we want to **facilitate the housing situation** to make them feel at home right from the beginning.
